Sinkhole, Northbound/Southbound I-5 Closure, Tracy, San Joaquin County

On 05/31/16, the California State Warning Center (CSWC) was advised of a sinkhole that appeared on Northbound I-5 south of Tracy, San Joaquin County.

On 06/02/16 at 0536 hours Caltrans reported:

- Repairs and investigation have resulted in a full closure of Interstate 5 (I-5).
- Detours have been established for Northbound and Southbound traffic:
 - Exit Eastbound Hwy 132 to Northbound Hwy 33, back onto I-5.
 - Exit Southbound to Route 33 to Junction of Westbound 132 back onto I-5.
 - The detours are on the same road so the time added by the Southbound detour should be the same (10 minutes).
- The cause of the sinkhole is still under investigation.
- Estimated Time of Reopening (ETR) for Northbound I-5 is 06/03/16 at 1700 hours and the ETR for Southbound is 06/04/16 at 2000 hours.
- There are no requests for State assistance.

Active Shooter at UCLA, Los Angeles, Los Angeles County

On 06/01/16 at 1025 hours, the CSWC was notified of an active shooter situation at the UCLA campus.

- It has been confirmed that there were 2 fatalities as a result of a murder/suicide.
- The campus was on lockdown for several hours.
- The scene is secure and the investigation is ongoing.
- Classes resumed at UCLA on 06/02/16.
- UCLA mobilized counselors and support services.
- Cal OES Law Branch and Southern Region continue to monitor the situation.

SITUATION SUMMARY

Donald Trump Rally

On 06/02/16 Republican candidate Donald Trump will be having a rally in San Jose at the South Hall of the San Jose Convention Center.

- The rally will begin at 1900 hours, with doors opening at 1600 hours.
- South Hall building capacity is approximately 10,000.
- Pro- and Anti-Trump demonstrations are expected outside.
- Security and transportation plans are in place.
- Santa Clara Operational Area Emergency Operations Center (EOC) is not expected to activate.
- The Cal OES Law Duty Officer (LDO) and other Cal OES Law Assistant Chiefs are monitoring political events throughout the state and are assisting local agencies with planning and mutual aid requests.

Large Stadium Event, NBA Finals, Golden State Warriors Host Cleveland at Oracle Arena in Oakland

On 06/02/16 the Golden State Warriors (NBA) meet Cleveland at Oracle Arena in Oakland for Game 1 of the NBA Finals.

- Tipoff is scheduled for 1800 hours.
- Arena capacity is approximately 19,000.
- Motorists can expect heavy traffic on I-880, as well as local streets adjacent to the venue before and after the game.
- Security and transportation plans are in place.
- Alameda Operational Area EOC is not expected to activate.

OF EMERGENCY SERVICES

SITUATION SUMMARY

California Department of Public Health Zika Virus Disease Update

- The Medical and Health Coordination Center (MHCC) continues to be activated in response to the Zika Virus Disease (Zika) in order to aggregate and update information from a variety of sources and coordinate response activities across the California Department of Public Health (CDPH).
- CDPH centers and programs will assist in providing information related to their specific activities on a weekly basis. This information will be collected and included in a weekly Public Health and Medical Emergency Function (EF) 8 Situation Report released by the MHCC.
- The MHCC will manage requests for information from the public, healthcare facilities, and local health districts and ensure responses are timely and accurate during a time of evolving information.
- Zika is transmitted to people primarily through the bite of an infected *Aedes aegyptus* mosquito (also known as yellow fever mosquitoes) and *Aedes albopictus* mosquito (also known as Asian tiger mosquitoes), which are not native to California.
- Today, more than 60 countries have documented Zika virus transmission, with over 40 reporting their first outbreak within recent months. The most common symptoms of Zika are fever, rash, joint pain, and conjunctivitis (red eyes).
- The illness is usually mild with symptoms lasting for several days to a week after being bitten by an infected mosquito. People usually don't get sick enough to go to the hospital, and very rarely die of Zika. For this reason, many people might not realize they have been infected. However, Zika virus infection during pregnancy can cause a serious birth defect called microcephaly, as well as other severe fetal brain defects.
- Please see attached for full report
